

SOLAR AND RENEWABLE ENERGY EXPO 2021

INDO AFRICA CONFLUENCE

28th Feb 2021 – 02nd March 2021 (VIRTUAL EXPO)

Brief Description of the Event

India Solar and Renewable Confluence will be a leading sourcing platform to both exhibitors and visitors. Manufacturers from India will showcase their commodity related to wire saw and consumables, solar cells, solar drying and destination systems, solar farm, solar street and billboard lighting systems, system integrators, assemblers, solar panel etc. The show will be an ideal opportunity for overseas buyers to gain access to some of the leading manufacturers in the industry. The show will provide an excellent opportunity for overseas customers to build stronger relationships with Indian companies and increase the presence of Indian companies in the specific Africa region countries. BSM would also be organized.

Expected Outcome

The main objective of organizing the India Solar and Renewable Confluence with an appropriate audience is to enable the direct manufacturers to capture exporting opportunities to the Africa Region Countries. It will facilitate business contacts and develop business network with potential customers, importers. It will also improve business prospect, image of Indian companies and know-how through the meeting platform and webinars. It will validate and personalize meeting schedule according to the needs of Indian companies
